reximex

Aim for the next level

About **Reximex**

Reximex was founded in Konya-Beyşehir in 2015. Our main goal is to produce world class products using the latest R&D and Manufacturing proficiency, with the guidance of our dynamic Management and Production team.

Reximex achieved a customer portfolio over 60 countries in a very short time with the vision of never compromise philosophy from quality, innovation and customer satisfaction.

We Have A Wide Product Range!

We always aim to respond to the expectations of our customers at the highest level. At the same time, we are always working on launching new products by following the global end-user trends very carefully.

We design customizable products!

We analyze our customers' conditions & area of use and personal preferences; and we design products that exceeds our customers' expectations. We reveal easily customizable products that maximizes the end-user experience.

We always bring our manufacturing skills to next level and keep up with the latest technologies!

Reximex production plant uses modern & latest technology equipment in an integrated production facility of 12.000 square meters. Our Production Facility & Crew is continuously developing and expanding in accordance with our customers' needs and our future business plans.

BEYOND THE SAFETY STANDARDS

TRIGGER SAFETY

STRIKER STATUS INDICATOR

LOADED CHAMBER INDICATOR

TRX9

TRX 9 pistol is designed and produced with stricter safety systems to prevent unintentional discharge should the pistol be dropped or misused. Trigger Safety, Firing Pin Block, Striker Status Indicator & Loaded Chamber Indicator provides the ultimate shooting pleasure for everyone with the safety in mind.

NEW

www.reximex.com

HANDGUN / TRX9

REVERSIBLE MAGAZINE CATCH

ADVANCED TEXTURE

Progressive design texture of TRX9 pistol provides smooth touch and firm grip during handling and shooting.

2 BACKSTRAP SIZES

TRX9 comes with 2 modular backstraps in medium and large sizes for different trigger distances.

Backstraps are made of elastomer polymer and together with the special design surface texture on them, you have a much comfortable and softer feel in your palm.

OVERSIZE TRIGGER GUARD

TRX9 features an oversized trigger guard for use with gloved hands.

TEXTURED INDEXING POINTS

Indexing points on the TRX 9 are textured for an extra-firm grip and more ergonomic handling.

MAGWELL

Every TRX9 comes with custom design Magwell making change of magazines much smoother, faster and easier.

MIL-STD 1913 PICATINNY RAIL

Slide incorporates a Mil-Std 1913 Picatinny Rail for suitable sighting devices-such as laser sights- or flashlights.

FAST FIELD STRIPPING

Field stripping the TRX9 is toolless and can be done in a few seconds at the touch of a button and simply by lifting up the slide. Take down button locks back when the slide is installed back into the chassis.

OPTICS-READY SLIDE

Steel slide is equipped with metal rear and front sight installed. Red Dot Sights or other compatible optic sights can easily be installed on the Optic Mount Slot on the slide.

Compatible with " Trijicon RMRcc and Shield RMS/RMSc "
